Re: Mathew Foster

To Whom It May Concern:

This is to recommend with enthusiasm and without reservation the application of Mr. Mathew Foster for professional employment with your organization. I have known the applicant for one year during which time he was a volunteer at Brookline Access Television.

As Executive Director, I became aware early on of Mr. Foster's technical abilities when he started volunteering at Brookline Access Television. His primary responsibilities included designing BAT's website as well as serving as liaison to our internet provider. His patience and attention to detail ensured that all volunteers who came into Brookline Access Television were a reflection of the commitment and dedication, which he brought to his own work. His work speaks for itself.

He can lead by example or follow responsively as the occasion demands. He handles both the trivial and complex projects with which he is charged with the same diligence and perseverance. He is punctual, and above all, a team player.

Apart from this, he is a very likeable person, gets along well with co-workers and peers, is flexible when it comes to changes in scheduling and accepts work willingly and with a good attitude. His quiet disposition and non-aggressive demeanor mask an enthusiastic and dedicated spirit, which is committed to the task at hand.

I believe that he will be an asset to your organization as he has been to ours and ask you to consider his application favorably.

Sincerely,

Thomas Bellotti
Executive Director
Brookline Access Television
